

the FINGER GUNS

Authentic to the Northwest music scene, The Finger Guns are here to rock your proverbial socks off.

Armed with musicianship and passion, this three-piece band leaves it all on the stage every time the amps get warm. Their performances are unpretentious, witty, and guaranteed to make a crowd move.

The bands unique set of influences brings out songs that have a sensibility that spans decades. Slices of 80's punk topped with sprinkles of 90's rock and spatters of country make up a big steaming batch of awesome.

Featuring a veteran line-up of Seattle musicians including: Eric Chapman (Big Splash Champion, Kingpin Hayes) on drums, Arthur Hagman (Pinehurst Kids, Luna Park, The Sun-Ups) on bass, and Steve Bergstrom (Dapper Jones) on vocals and guitar.

The Finger Guns have released three albums to date: "A Double EP", "The Bigfoot EP", and "Yeti". The band is eagerly awaiting the release of their vinyl debut, "Sasquatch", which will launch in the spring of 2018.

Let's rock this together.
